

LOCKSEC RECOVERY KIT

Welcome {{Username}},

This document contains critical recovery information for your LockSec account.

What is this Recovery Kit?

This recovery kit allows you to regain access to your LockSec vault if you:

- Forget your master password
- Has access to your authenticator device
- Are locked out due to failed authentication attempts

Anyone with this document can potentially access your vault.

Store it securely.

Your Rescue Key:

This is your one-time recovery key.

It can be used to regain access to your account if your master password is lost.

IMPORTANT RULES:

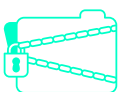

Do Not Store Digitally:

Do not save this recovery key on your phone, computer, email, cloud storage, or screenshots. Digital copies can be leaked, hacked, or accessed without your knowledge.

Create Copies of It:

Make one or two physical copies and store them in separate secure locations, such as a safe or locked drawer. This helps prevent permanent lockout if one copy is lost.

Keep It Secret:

Anyone who has access to this recovery key can take control of your LockSec account. Never share it with anyone, including friends, family, or support staff.

One-Time Use Only:

This recovery key can be used only once. After it is used, it becomes invalid automatically and a new recovery key must be generated.
